RESULTS

It appears two runners had the same number, being 792, Trevor Rodgers who ran 1:33:56, the other 792 ran 1:38:37.

Alured Faunce De Laune's results were for some reason not recorded and do not appear on the results lists (on the time he gave us of 1:31:40, places him 86th overall and 14 in his category.)

We apologise for these omissions and hope to have all such problems ironed out before the next event.

Walkers took a wrong turn at the start and cut approximately 1km. Off their route. However we have left there times without amendment.
